Where a complex beneficial owner structure exists, please provide evidence of this by supplying a copy of the organisation chart and complete a separate form for each company holding shares or voting rights, equal to or greater than 25%, in each company shown on the organisation chart.

Please photocopy these pages if this needs to be completed for more than two directors or two beneficial owners.

If this form is being used in conjunction with the Investment Bond Application Form (TNB30), for each individual director or beneficial owner of the company who is not already detailed in the TNB30, and where the company to which they relate has indicated that it is an investment body, please also complete and return form "Self-Certification for Individual and new Trustees of existing Trusts (CRS2)".

Form CRS2 is not required for directors or beneficial owners of any company holding shares or voting rights, equal to or greater than 25%, in the company applying for the bond.

Please inform Standard Life of any future changes to the applicant(s) beneficial ownership structure. This will allow us to keep our records up to date and avoid delays to future processing.
