

With-Profits Pension Plans

Guaranteed growth and regular bonus rates

This leaflet provides information on guaranteed growth and regular bonus rates following the bonus announcement on 28 January 2021, as well as details of previous guaranteed growth and regular bonus rates.

There are no changes to guaranteed or bonus growth rates at this declaration. Reversionary bonus rates for the year 16 November 2019 to 15 November 2020 were implemented on 1 February 2021. Interim bonus rates have been set at the same rates as these reversionary bonus rates.

Unitised Plans

Pension With Profits Fund

Unit Price Growth Rates (annual equivalent)			
	Guaranteed Growth Rate	Bonus Growth Rate	Total Growth Rate
01/02/20 – 31/01/21	4.0%	0.0%	4.0%
01/02/21 until further notice	4.0%	0.0%	4.0%

Pension With Profits One Fund, Pension 2 With Profits 2 Fund & Pension Millennium With Profits Fund

01/02/21 until further notice	0.0%	0.75%	0.75%

Traditional Style Conventional Plans

Personal Pension and Executive Pension Plans

Reversionary Bonus Rates				
Year to 15/11/19	On Sum Assured	0.25%	On Attaching Bonuses	0.25%
Year to 15/11/20	On Sum Assured	0.25%	On Attaching Bonuses	0.25%

Stanplan M, Stanplan M2, AVC Schemes and similar Own Trust Schemes

Reversionary Bonus Rates: For scheme year ending on or after				
01/03/20	On Sum Assured	0.0%	On Attaching Bonuses	0.0%
01/03/21	On Sum Assured	0.0%	On Attaching Bonuses	0.0%

For details about where the funds are invested and investment returns, please see our quarterly investment report for Pension With-Profits. You can get a copy at www.standardlife.co.uk/withprofits

Note: regular bonus rates do not apply to the Pension Inflation Plus Fund, the Stakeholder With Profits Fund or the Stakeholder With Profits 2006 Fund.

Notes

Reversionary bonus rates are declared once a year. Any changes to interim bonus rates or bonus growth rates are normally made in February each year, although we may make changes at other times.

We may pay a final bonus on retirement, or death, or moving out of with-profits. We decide final bonus rates at least once a year. The final bonus payable on any plan may go up or down over time, and may be zero. The level of any final bonus payable depends on a number of factors, including how returns have built up over the years, the deductions that we make and the effects of any smoothing. Smoothing aims to even out some of the fluctuations in investment returns to reduce the immediate impact of short-term changes in asset values on payouts under our with-profits plans.

We do not pay regular or final bonuses for the Stakeholder With Profits Fund or the Stakeholder With Profits 2006 Fund. The investment performance is reflected in the value of the units. We do not provide any investment performance guarantee. The value of the units may go down as well as up.

For units in the Pension Inflation Plus Fund, the unit price changes in line with monthly changes in the Retail Prices Index, so it can go down as well as up. For other pension with-profits funds, the unit price normally increases daily, reflecting the guaranteed growth rate and any bonus growth rate. A guaranteed minimum payout normally applies at the retirement date selected at the start of the plan, if it is used to take pension benefits, and on death. If there is no guaranteed minimum payout and the fair payout is lower than the unit value we may reduce the unit price so that the unit value is equal to the fair payout.

For further details on the above, please see our With-Profits guides, available on our website www.standardlife.co.uk/withprofits

What have the regular bonuses been in the past?
